DIRECTIONS

RST means right sides together. Use a ¼" seam allowance unless otherwise directed. Secure Stitching when starting and stopping stitching.

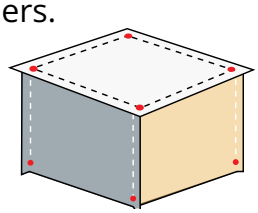

1. Fuse (6) I1 squares to the wrong side of all of the A1, B1, C1, D1, and E1 squares.

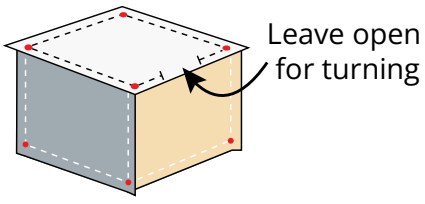

2. With RST, sew B1, C1, D1, and E1 together end to end to create a tube, starting and stopping stitching ¼" from the ends of each seam. Press seams in one direction.

3. Sew (1) A1 square to the top of the block sides, starting and stopping ¼" from the corners.

4. Sew (1) A1 square to the bottom of the block sides, starting and stopping ¼" from the corners, leaving a 2" opening on one side.

5. Turn the block right side out and stuff firmly with Polyfil.
6. Hand-stitch the opening closed.

REPEAT TO MAKE 2, 3, OR MORE BLOCKS!
